Clifton Gorge

State Nature Preserve

This 268-acre preserve protects one of the most spectacular dolomite and limestone gorges in the state. Registered as a National Natural Landmark in 1968, Clifton Gorge encompasses a 2-mile stretch of the Little Miami State and National Scenic River, just east of John Bryan State Park.

Geologically, it is an outstanding example of interglacial and post-glacial canyon cutting. At one point, the river funnels through a deep, narrow channel, which was apparently formed by the enlarging

and connecting of a series of potholes in the resistant Silurian dolomite bedrock. In other sections of the gorge, cliff overhangs have broken off forming massive slump blocks scattered along the valley floor.

The shaded, north-facing slopes provide a cool, moist environment for northern species including hemlock, red baneberry, Canada yew, arbor-vitae and mountain maple. This is one of the most spectacular sites in the state for viewing spring wildflowers including the rare snow trillium.

We are Odd Fellows

**To Improve and Elevate the
Character of Mankind...**

In 18th Century England, it was odd to find people organized for the purpose of giving aid to those in need and pursuing projects for the benefit of all mankind. Those who belonged to such an organization were called "Odd Fellows." Odd Fellows are also known as "The Three Link Fraternity" which stands for Friendship, Love and Truth.

Today, the Odd Fellows is a worldwide fraternal Order having over 10,000 lodges in 25 countries. We are actively involved in a variety of civic and philanthropic efforts on a local, national and international level.

An all-American, blue collar country man, Lynch has poured his heart and soul into the countless chart-topping hits. For three decades and counting, Lynch has written, sung, and performed his songs with passion and dedication, building himself up into an independent county music sensation – and while his musical roots are grounded in pure country, his songs also showcase elements of western swing, honky tonk and outlaw country.

The Clifton Opera House

5 South Clay Street, Clifton OH

Clifton Opera house is a beautifully preserved concert hall that was built in 1893. Originally known as the town hall, it has been a venue for minstrel shows, medicine shows, school plays, church activities, style shows, dinners, dances, weddings, meetings, all variety of concerts, theatrical productions, and even basketball games. The tower was taken down in the 1920s and the building was not used for many years. Then, in 1978, part of the north wall fell in. Howard Printz, then President of the Clifton Historical

Society, began raising funds to save the historic building. Thanks to his dedicated work and the generosity of the donors who cared so much for the Opera House, it is restored and continues to be a valuable part of the Clifton community. The Opera House is owned by the Village and managed with the help of Christin Zerbe-Leckey, the Opera House Event Coordinator.

See our upcoming shows listed in the summer/fall event schedule (pp. 27-29). The Opera House can also be rented for private events. For more information, call (937) 342-2175.
